Re: §899-aa Notice of Security Breach

Dear Director Bockstein:

In accordance with New York General Business Law §899-aa, Crabtree & Evelyn, Ltd. ("Crabtree") hereby notifies you of the following breach of security: On May 15, 2008, a Crabtree & Evelyn laptop computer containing the names and social security numbers of three (3) New York residents was stolen. Crabtree immediately notified the local police department upon discovery of the theft and we will continue to assist the police and cooperate with them in any way we can. We are sending notices of the breach in accordance with New York General Business Law §899-aa to all affected New York residents, to the Office of Cyber Security and Critical Infrastructure, and to the Attorney General today. We are offering free credit monitoring services to the affected New York residents for two years as a precautionary measure.

Sincerely,

Colleen Creevy Cording
General Counsel
